COMMISSIONS AND CARGO FEE

- Dolap, one of the most significant competitor in C2C e-commerce market, applies the policy of commissions (%15 from the seller, and %8 from the buyer). Also, there are several complaints about overcharging the cargo fee.
- Commissions and cargo fees are standard source of income for such platforms.
- By advantage of localization and trusted common places, cargo fees may be reduced. Also, for the start, commissions may be replaced with ads.

POWER OF HOMOPHILY

- Homophily, a sociological concept, describes how people are naturally drawn to those similar to themselves—whether by beliefs, values, demographics, or preferences. This natural affinity fosters trust and smoother interactions.
- Universities can be a package for these elements!
- Especially in well established universities, students are connected with, not only on the same location, but also on the same cultural ground.
